Quotes from Commissioners:

Commission President Kent Carper stated, "The dedication of the Charleston Catholic Field is an exciting time as this means we are one step closer to the baseball fields being fully open and operational. Let's play ball!"

"I am excited to dedicate the Charleston Catholic Championship Field on the baseball side of the Shawnee Sports Complex. Once the baseball side of the Complex is open, I know it will be used as much as the soccer side has been and will be a great success. This is truly the premier sports complex for the State of West Virginia," stated Commissioner Ben Salango.

"The baseball fields are another opportunity for our kids to play sports in one location at the Shawnee Sports Complex. I am proud of the progress of the Complex and usage of it so far," stated Commissioner Henry C. Shores.

YOU ARE INVITED!

"Coach Mehle has been instrumental in helping shape the lives of the many students and parents that have crossed his path. Whether in the classroom, on the baseball field or volunteering with students in communities helping those less fortunate, he has been a true example of a real mentor!"

His ability to motivate those around him to give their best no matter what they are doing has helped shape our two boys Nicholas and Nathan. We speak for so many families when we say thank you Coach Mehle for helping shape the lives of our children in a very positive way."

Kim and Greg Burton
